COMMISSION IMPLEMENTING DECISION

of 3.6.2024

on a further exceptional assistance measure regarding Yemen

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) Nine years on from the start of the conflict, Yemen continues to suffer from one of the world’s worst humanitarian crises. The military escalation in the Red Sea, exacerbated by the war in Gaza, is having dire economic consequences worldwide, including serious disruptions in global supply chains, and is undermining current efforts to bring Yemen’s war to an end. Building on previous EU contributions to the United Nations (UN) Peace Support Facility for Yemen both under the Instrument contributing to Stability and Peace\(^{3}\) and the NDICI Rapid Response Pillar\(^{4}\), the EU is committed to continue its efforts in support the UN-led peace process under the guidance of the UN Secretary General’s Special Envoy to Yemen with the objective to reach a sustainable peace agreement. The present situation makes it necessary to adopt a further exceptional assistance measure regarding Yemen.

(2) In order to ensure the implementation of the measure, it is necessary to adopt a financing decision. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.

(3) The planned assistance is to comply with the conditions and procedures set out by the restrictive measures\(^{5}\) adopted pursuant to Article 215 TFEU.

\(^{5}\) www.sanctionsmap.eu. Note that the sanctions map is an IT tool for identifying the sanctions regimes. The source of the sanctions stems from legal acts published in the Official Journal (OJ). In case of discrepancy, the OJ prevails.
The objective of the measure set out in this Decision is to support the UN Peace Support Facility for Yemen in order to remedy exceptional and unforeseen situations as referred to in Article 4(4)(a) of Regulation (EU) 2021/947.

In accordance with points (a) and (g) of Annex IV, paragraph 1, second paragraph of Regulation (EU) 2021/947, the activities set out in this Decision will support the peace process in Yemen by accelerating the implementation of confidence-building measures and agreements reached by the parties to the conflict during negotiations led by the UN Secretary General’s Special Envoy to Yemen. In particular, it will contribute to the second phase of the UN-led operation aimed at mitigating the threats emanating from the floating storage and offloading unit (FSO) Safer in order to ensure its successful completion.

The effectiveness of the Union response to the situation referred to in recital (1) depends on the rapid and flexible implementation of an exceptional assistance measure of limited duration in accordance with Article 23(6) of Regulation (EU) 2021/947.

The measure provided for in this Decision is complementary to assistance provided under other Union short-term or long-term external assistance instruments. No fully adequate response can be provided under those instruments to the specific needs being addressed. Therefore, an effective response is required to enable early action in accordance with Article 4(4) of Regulation (EU) 2021/947.

The measure provided for in this Decision is consistent with the Union strategic policy framework for Yemen. Synergies and complementarities are expected with other Union interventions, as detailed in point 7 of the Annex.

In order to support the peace process in Yemen by accelerating the implementation of agreements and confidence-building measures reached by the parties to the conflict, it is necessary to use indirect management for the implementation of the measure.

The Commission is to ensure a level of protection of the financial interests of the Union with regard to entities and persons entrusted with the implementation of Union funds by indirect management as provided for in Article 154(3) of the Financial Regulation. To this end, such entities and persons are to be subject to an assessment of their systems and procedures in accordance with Article 154(4) of the Financial Regulation and, if necessary, to appropriate supervisory measures in accordance with Article 154(5) thereof before a contribution agreement can be signed.

It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of the Financial Regulation.

In order to allow for flexibility in the implementation of the measure, it is appropriate to define changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

The European Parliament and the Council have been informed of the exceptional assistance measure to be adopted by this Decision, in accordance with Article 25(3) of Regulation (EU) 2021/947.

Except for the cases set out in Article 154(6) of the Financial Regulation, where the Commission may decide not to require an ex-ante assessment.
HAS DECIDED AS FOLLOWS:

Article 5
Flexibility clause

Increases or decreases of up to EUR 10 million and not exceeding 20% of the contribution set in the first paragraph of Article 2 or cumulated changes7 to the allocations of specific actions not exceeding 20% of that contribution, shall not be considered substantial for the purposes of Article 110(5) of the Financial Regulation provided that these changes do not significantly affect the nature and objectives of the actions.

7 These changes can come from assigned revenue made available after the adoption of the financing decision.
The authorising officer responsible may apply the changes referred to in the first paragraph. Those changes shall be applied in accordance with the principles of sound financial management and proportionality.
