# COMMISSION IMPLEMENTING DECISION

of 17.12.2021

## on an exceptional assistance measure regarding Somalia

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012<sup>1</sup>, and in particular Article 110 thereof,

Having regard to Regulation (EU) 2021/947 of the European Parliament and of the Council of 9 June 2021 establishing the Neighbourhood, Development and International Cooperation Instrument – Global Europe, amending and repealing Decision No 466/2014/EU and repealing Regulation (EU) 2017/1601 and Council Regulation (EC, Euratom) No 480/2009<sup>2</sup>, and in particular Article 23(6) thereof,

Whereas:

- (1) Somalia is highly vulnerable to the impact of climatic changes, which are likely to become more frequent and severe in the future. The impact of climate change further undermines livelihood conditions, adversely affects vulnerable groups, increases competition over already scarce resources and exacerbates community tensions, which can be exploited by actors like Al-Shabaab. In drought-prone Galmudug state, water scarcity is a significant cause of conflicts, particularly affecting the nomadic pastoralist society and thousands of people are currently displaced. In Mataban region in Hirshabelle State, water resource competition has increased and there is a protracted violent inter-clan conflict over grazing rights and water. The present situation makes it necessary to adopt an exceptional assistance measure regarding Somalia.
- (2) In order to ensure the implementation of the measure, it is necessary to adopt a financing decision. Article 110 of Regulation (EU, Euratom) 2018/1046 establishes detailed rules on financing decisions.
- (3) The planned assistance is to comply with the conditions and procedures set out by the restrictive measures<sup>3</sup> adopted pursuant to Article 215 TFEU.
- (4) The objective of the measure set out in this Decision is to prevent and mitigate violent conflict and tension exacerbated by climate change and to promote climate-sensitive reconciliation in Somalia in order to remedy exceptional and unforeseen situations as referred to in Article 4(4)(a) of Regulation (EU) 2021/947.

- (5) In accordance with points (a), (g), (l) and (o) of Annex IV, paragraph 1, second paragraph, of Regulation (EU) 2021/947, the activities set out in this Decision will support analysis, the construction or rehabilitation of water infrastructure and systems for natural resource management as well as training of communities and government stakeholders on climate-induced drivers of conflict, their mitigation and climate change adaptation measures. The action will also support community dialogue, including on harmful gender norms, and community-driven planning processes. The action will also support sustainable livelihood diversification for women and girls.
- (6) The effectiveness of the Union response to the situation referred to in recital 1 depends on the rapid and flexible implementation of an exceptional assistance measure of limited duration in accordance with Article 23(6) of Regulation (EU) 2021/947.
- (7) The measure provided for in this Decision is complementary to assistance provided under other Union short-term or long-term external assistance instruments. No fully adequate response can be provided under those instruments to the specific needs being addressed. Therefore, an effective response is required to enable early action in accordance with Article 4(4) of Regulation (EU) 2021/947.
- (8) The measure provided for in this Decision is consistent with the Union strategic policy framework for Somalia. Synergies and complementarities are expected with other Union interventions, as detailed in point 7 of the Annex.
- (9) In order to ensure the effective implementation of the programme, it is necessary to use indirect management for the implementation of the measure.
- (10) The Commission is to ensure a level of protection of the financial interests of the Union with regard to entities and persons entrusted with the implementation of Union funds by indirect management as provided for in Article 154(3) of Regulation (EU, Euratom) 2018/1046. To this end, such entities and persons are to be subject to an assessment of their systems and procedures in accordance with Article 154(4) of Regulation (EU, Euratom) 2018/1046<sup>4</sup> and, if necessary, to appropriate supervisory measures in accordance with Article 154(5) of Regulation (EU, Euratom) 2018/1046 before a contribution agreement can be signed.
- (11) It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of Regulation (EU, Euratom) 2018/1046.
- (12) In order to allow for flexibility in the implementation of the measure, it is appropriate to define changes which should not be considered substantial for the purposes of Article 110(5) of Regulation (EU, Euratom) 2018/1046.
- (13) The European Parliament and the Council have been informed of the exceptional assistance measure to be adopted by this Decision, in accordance with Article 25(3) of Regulation (EU) 2021/947,

HAS DECIDED AS FOLLOWS:
