COMMISSION IMPLEMENTING DECISION

of 30.9.2021

on an exceptional assistance measure regarding Nigeria

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012¹, and in particular Article 110 thereof,

Having regard to Regulation (EU) No 2021/947 of the European Parliament and of the Council of 9 June 2021 establishing the Neighbourhood, Development and International Cooperation Instrument – Global Europe, amending and repealing Decision No 466/2014, (EU) and repealing Regulation (EU) 2017/1601 and Council Regulation (EC, Euratom) No 480/2009², and in particular Article 23(6) thereof,

Whereas:

- (1) After more than ten years of widespread violence, the conflict in North East Nigeria is currently escalating further, putting civilian populations under serious strain. Different factions of Boko Haram have gradually gained ground as shown by the recent waves of attacks in Borno, Yobe and Adamawa States. The “super camp strategy” has left entire parts of the territory under the control of insurgents. Military operations have resulted in the arrest and detention of thousands of suspected fighters and associates, including civilians and victims in some instances. The government’s “Operation Safe Corridor” launched in 2016 has been the main initiative to address low risk ex-combatants and associates and to encourage defections from insurgent groups. As the situation deteriorates, there is a need to strengthen the Nigerian authorities’ ownership and engagement in this process and to enhance initiatives aiming at protecting civilians in the conflict-affected areas of the North East. The present situation makes it necessary to adopt an exceptional assistance measure regarding Nigeria.
- (2) In order to ensure the implementation of the measure, it is necessary to adopt a financing decision. Article 110 of Regulation (EU, Euratom) 2018/1046 establishes detailed rules on financing decisions.
- (3) The planned assistance is to comply with the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU.³

- (4) The objective of the measure set out in this Decision is to support Nigerian actors' efforts to enhance protection of civilians in conflict-affected areas of the North East and to reintegrate former combatants and associates into communities in order to remedy exceptional and unforeseen situations as referred to in Article 4(4) point (a) of Regulation (EU) No 2021/947.
- (5) In accordance with points (a), (b), (h), (l), (m), (n) and (p) of Annex IV, paragraph 1, of Regulation (EU) No 2021/947, the actions set out in this Decision will promote the protection of civilians by focusing on the policies and practices of the Nigerian army, internal security forces and community militias. A second component will aim to strengthen Nigeria's ability to plan further actions on Disengagement, Disassociation, Reintegration and Reconciliation of former combatants and associates and the Prevention of Violent Extremism through institutional capacity building and accompaniment and through media engagement.
- (6) The effectiveness of the Union response to the situation referred to in recital (1) depends on the rapid and flexible implementation of an exceptional assistance measure of limited duration in accordance with Article 23(6) of Regulation (EU) No 2021/947.
- (7) The measure provided for in this Decision is complementary to assistance provided under other Union short-term or long-term external assistance instruments. No fully adequate response can be provided under those instruments to the specific needs being addressed. Therefore, an adequate and effective response is required to enable early action in accordance with Article 4(4) of Regulation (EU) No 2021/947.
- (8) The measure provided for in this Decision is consistent with the Union strategic policy framework for Nigeria. Synergies and complementarities are expected with other Union interventions, as detailed in point 7 of the Annex.
- (9) In order to strengthen capacities of Nigerian authorities to design and implement Disengagement, Disassociation, Reintegration and Reconciliation programmes it is necessary to use indirect management for the implementation of the measure.
- (10) The Commission is to ensure a level of protection of the financial interests of the Union with regard to entities and persons entrusted with the implementation of Union funds by indirect management as provided for in Article 154(3) of Regulation (EU, Euratom) 2018/1046. To this end, such entities and persons are to be subject to an assessment of their systems and procedures in accordance with Article 154(4) of Regulation (EU, Euratom) 2018/1046⁴ and, if necessary, to appropriate supervisory measures in accordance with Article 154(5) of Regulation (EU, Euratom) 2018/1046 before a contribution agreement can be signed.
- (11) It is appropriate to authorise the award of grants without a call for proposals and to provide for the conditions for awarding those grants.
- (12) It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of Regulation (EU, Euratom) 2018/1046.
- (13) In order to allow for flexibility in the implementation of the measure, it is appropriate to define changes which should not be considered substantial for the purposes of Article 110(5) of Regulation (EU, Euratom) 2018/1046.

⁴ Except for the cases set out in Article 154(6) of Regulation (EU, Euratom) 2018/1046, where the Commission may decide not to require an ex-ante assessment.

- (14) The European Parliament and the Council have been informed of the exceptional assistance measure to be adopted by this Decision, in accordance with Article 25(3) of Regulation (EU) No 2021/947,

HAS DECIDED AS FOLLOWS:

If the implementation of this measure or any of its components is suspended owing to 'force majeure' or circumstances beyond the control of the contracting authority and its implementing partner(s), the period of suspension shall not be taken into account for the calculation of the duration of the implementation of this measure.

Article 6
Flexibility clause

Cumulated changes to the allocations of the maximum Union contribution not exceeding 20 % of the contribution set in the first paragraph of Article 2 of this Decision, or cumulated changes to the allocations of specific actions not exceeding 20 % of that contribution, as well as extensions of the implementation period shall not be considered substantial for the purposes of Article 110(5) of Regulation (EU, Euratom) 2018/1046 where those changes do not significantly affect the nature and objectives of the actions.
