9. Coordinate the preparation of interim reports on the election process and EU EOM activities, based on contributions from the Core Team and LTOs, using the standard format/template provided by EEAS and FPI. EEAS and FPI must be given an opportunity, in sufficient time (usually 48 hours), to provide comments on these reports. Final approval lies with the CO.

The draft final report, including draft recommendations, should be made available at least 24h prior to the debriefing of the EU EOM upon its return. Provide EEAS and FPI with visibility material (videos, photos, tweets, including website content, etc.) that can be used at EU headquarters level to enhance the visibility of the EU EOM outside the country where the EU EOM is deployed.
3. Oversee the work of all Core Team members, in particular:
 - Organise effective coordination and regular daily team meetings among Core Team members and the Service Provider;

The DCO presents the Guidelines as a separate point in the briefings of Observers (long-term and short-term) and appoints the two Core Team focal points for addressing any complaints. The Guidelines are also distributed to all Observers and it is requested to emphasise the point on harassment several times throughout the EU EOM. In case any problem arises (e.g. harassment allegations, inappropriate behaviour) the DCO shall immediately inform FPI and EEAS.

Ensure that evaluations follow guidelines. Oversee the inclusion of evaluations in the roster by the Observer Coordinator.
 10. Provide record of performance of the Core Team experts in collaboration with the CO.
 11. Under CO responsibility, ensure that all measures are taken to ensure the security of EU EOM members. Decisions related to security must be taken in co-ordination with the SP, who is in charge of the security and logistical aspects of the EU EOM. Inform the Service Provider, FPI and EEAS immediately about any security issues to allow the SP to act and mitigate risks to the safety, health and security of EU EOM members. In close cooperation with the SP, plan and convene a security committee for responses to the incidents that might arise in the country. In case of disagreement between the DCO (under the authority of the CO) and the Service Provider, it is the DCO's responsibility to discuss the matter with the Service Provider's Project Manager in country and find a consensus based agreement.
 12. Ensure a good working relationship within the Core Team, with the Service Provider and with the locally recruited staff. In case of the disagreement between any member of the EU EOM, the DCO is called upon to moderate and to find a solution in the view of the EU EOM's overall objectives.
