**Funded by
the European Union**

Cultural Relations Platform (CRP)

Provides policy support, advice and expertise to EU institutions and EU Delegations on international cultural relations through the development of strategies, research, studies, mappings and local consultations

Facilitates cooperation, networking and matchmaking activities between the EU and third country's cultural practitioners through the organisation of local meetings, conferences, workshops and trainings

Strengthens the capacity of cultural practitioners globally to deliver international cultural relations

The Cultural Relations Platform strengthens the EU's ability to engage meaningfully with different audiences and stakeholders in partner countries, through enhanced cultural relations and cultural cooperation.

Based on the previous Cultural Diplomacy Platform (CDP) 2016-2020, the CRP provides a renewed approach based on a set of shared principles and new activities that promote and facilitate sustainable cultural exchanges, people-to-people activities and co-creation processes between Europeans and citizens from countries all over the world.

Some key achievements so far include the **strengthening of EU-Morocco cooperation in cultural and creative sectors (CCIs)** through the formulation of the first bilateral programme on CCIs, a **mobility and cultural exchange of young South African musicians and poets** in a European festival and a **needs assessment of Ukrainian cultural actors and recommendations** for future EU support to Ukraine.

Since 2016, the **Global Cultural Relations programme** is the CRP flagship-training programme, which connects cultural professionals from all over the globe.
