COMMISSION IMPLEMENTING DECISION

of 18.12.2023

on an exceptional assistance measure regarding the Central African Republic

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) The Central African Republic continues to face a multitude of challenges, including high levels of poverty, lack of sustained access to basic services, illegal exploitation of natural resources, and frequent violence and abuses involving various armed groups as well as Wagner Group mercenaries. Moreover, the political situation remains fragile. In August 2023, the Constitutional Court validated a constitutional referendum that not only delayed local elections but also removed presidential term limits. Regional developments, notably the violent conflict in neighbouring Sudan and movements to and from Chad have led and continue to lead to further instability. Foreign actors that have direct interests in an unstable environment use hybrid attacks, such as disinformation, thereby contributing to a deteriorating political situation. Disinformation adds to the challenges of maintaining a consistent long-term approach to stabilisation and to communicating the objectives of the partnership between the EU and the Central African Republic. In fact, the EU expressed concern over the risk of further polarisation of the country’s political context and continues to call for inclusive and transparent dialogue among the parties and democratic processes. The present situation makes it necessary to adopt an exceptional assistance measure regarding the Central African Republic.

(2) In order to ensure the implementation of the measure, it is necessary to adopt a financing decision. Article 110 of Regulation (EU, Euratom) 2018/1046 (‘the Financial Regulation’) establishes detailed rules on financing decisions.

---

The planned assistance is to comply with the conditions and procedures set out by the restrictive measures adopted pursuant to Article 215 TFEU.

The objective of the measure set out in this Decision is to address political polarisation and its consequences on peaceful coexistence in the Central African Republic and includes efforts on stabilisation, mediation as well as on a strengthened peaceful coexistence and democratic space in order to remedy exceptional and unforeseen situations as referred to in Article 4(4)(a) of Regulation (EU) 2021/947.

In accordance with points (a), (b), (l), (n) and (q) of Annex IV, paragraph 1, second paragraph of Regulation (EU) 2021/947, the activities set out in this Decision will provide mediation support to the revitalisation and implementation of the 2019 Political Agreement for Peace and Reconciliation and the follow-up of issues not fully addressed in the 2022 Republican Dialogue; support the preparation of inclusive, transparent, and peaceful local elections with a particular focus on reducing the risk posed by disinformation and hate-speech through access to independent, fact-based as well as context-specific information in both French and Sango, and on full, equal and meaningful participation of Central African women in political processes; contribute to ongoing stabilisation efforts based on a stabilisation programme drawn up by the United Nations Development Programme (UNDP) as well as to focus on needs for mental health and psychosocial support (MHPSS) to populations affected by violent conflicts, with a focus on children.

The effectiveness of the Union response to the situation referred to in recital (1) depends on the rapid and flexible implementation of an exceptional assistance measure of limited duration in accordance with Article 23(6) of Regulation (EU) 2021/947.

The measure provided for in this Decision is complementary to assistance provided under other Union short-term or long-term external assistance instruments. No fully adequate response can be provided under those instruments to the specific needs being addressed. Therefore, an effective response is required to enable early action in accordance with Article 4(4) of Regulation (EU) 2021/947.

The measure provided for in this Decision is consistent with the Union strategic policy framework for the Central African Republic. Synergies and complementarities are expected with other Union interventions, as detailed in point 7 of the Annex.

In order to provide support to the stabilisation programme drawn up by the UNDP, it is necessary to use indirect management for the implementation of the measure.

The Commission is to ensure a level of protection of the financial interests of the Union with regard to entities and persons entrusted with the implementation of Union funds by indirect management as provided for in Article 154(3) of the Financial Regulation. To this end, such entities and persons are to be subject to an assessment of their systems and procedures in accordance with Article 154(4) of the Financial Regulation and, if necessary, to appropriate supervisory measures in accordance with Article 154(5) thereof before a contribution agreement can be signed.

The Commission should authorise the eligibility of costs as of a date preceding that of submission of a grant application, which is prior to the date of adoption of this

Decision, for reasons of extreme urgency in crisis management aid or in situations of imminent or immediate danger to the stability of the Central African Republic, including by an armed conflict, where an early engagement of the Union may prevent an escalation.

(12) It is appropriate to authorise the award of grants without a call for proposals and to provide for the conditions for awarding those grants.

(13) It is necessary to allow for the payment of interest due for late payment on the basis of Article 116(5) of the Financial Regulation.

(14) In order to allow for flexibility in the implementation of the measure, it is appropriate to define changes which should not be considered substantial for the purposes of Article 110(5) of the Financial Regulation.

(15) The European Parliament and the Council have been informed of the exceptional assistance measure to be adopted by this Decision, in accordance with Article 25(3) of Regulation (EU) 2021/947.
